

# INPRO SEMINAR & FIELD VISIT

Register now!

**Interprofessionalism in action: learning & working around person centred practice!**

**Sharing tools and approaches**

On behalf of the INPRO consortium we are proud to invite you to the final INPRO event in the Netherlands, to share our INPRO-materials along with inspiring keynote speakers.

**At day 1** you can expect an engaging program centred around a range of newly developed interprofessional learning materials for lecturers and practitioners, two keynote speakers and five workshops at the Hanze University of Applied Sciences.

**At day 2** you will have the opportunity to explore innovative person-centred practices at the student-run interprofessional learning ward. This experience will offer valuable insights into the application of interprofessional collaboration in a practical setting through two speakers and four workshops. Furthermore, a guided tour through the Rehabilitation Centre "Revalidatie Friesland" will deepen your understanding of state-of-the-art rehabilitation practices and its commitment to person-centred care.

### Who should definitely attend?

- Lecturers and practitioners with focus and interest in interprofessional education.
- Health and social care professionals, managers and policymakers with focus on interprofessional collaboration and interest in student learning wards.

**Do not miss this opportunity, get inspired and join us in beautiful Groningen & Beetsterzwaag!**

Morning	Presentations of students and a patient of the Student-Ru Interprofessional Learning Ward (SR-IPLW)
Afternoon	Workshops INPRO tools & approaches Guided tour rehabilitation centre including SR-IPLW

## PROGRAMME OVERVIEW

### Thursday 30<sup>th</sup> November

#### Keynote Speakers

Prof. dr. André Vyt is an expert in the field of interprofessional education and published various articles and books on this topic. He is behavioral and educational scientist, works as a Quality assurance expert in the domains of health care and education, and is the Chair of the European Interprofessional Practice & Education Network (EIPEN) since 2011. He authored interprofessional tools such as the shared care matrix and the IPEQS assessment tool. He is also lecturer at Ghent University and Artevelde University College. His keynote lecture focuses on using the 5 Keys model for interprofessional competences in higher education, specialized training courses, and continuous professional development.

Willem Philipsen will give a lecture about finding meaning and creating new opportunities. How do you find the strength to keep going when everything seems to be going against you? He will take you on a journey and inspire you by the story of someone who completely reinvented himself after suffering from a stroke. His immense humour, perseverance, and love for life have brought him to where he is now.

#### Interactive poster session:

Next to interesting INPRO posters you are invited to share yours.

#### Workshops

Four different interactive workshops by the INPRO consortium with a focus on interprofessional education, seen from different perspectives. Check the workshops at <https://www.inproproject.eu>

Closing words and take-home messages by dr. Jan Jaap Reinders. Dr. Reinders is work and organisational psychologist specialized in interprofessional collaboration, education, and integrated care. Dr. Reinders is also a lecturer, educational co-developer, IPE coordinator and researcher at Hanze UAS and University Medical Centre Groningen. He has also contributed to the field through the development of the Extended Professional Identity Theory, focusing on interprofessional identity formation.

**Friday 1<sup>st</sup> December**

### Speakers

A patient will share experiences of the person-centred approach at the Student-Run Interprofessional Learning Ward (SR-IPLW).  
Students will share their learnings and experiences working at the SR-IPLW during their internship.

### Workshops

Four different interactive workshops will be conducted by the INPRO Consortium, with a specific focus on interprofessional practice, approached from various perspectives. Check the workshops at <https://www.inproject.eu/>

### Guided tour

Students and professionals of the Student-Run Interprofessional Learning Ward (SR-IPLW) will guide you through the rehabilitation centre including the SR-IPLW.
